

Ryvers School Slough Quran Exhibition Staff Comment

Dear Mr. Amar.

Thank you for your offer to hold your exhibition at Ryvers School and for your generous provision of lunch and children's sweets.

We found the exhibition very interesting, and well displayed. Even to provide table cloths made it look very inviting. The exhibition raised lots of discussion, questions and comments from the children.

There was a lot of material and information, much of it was more suitable to older children in KS2. Perhaps another time a section suitable for KS1 could be separate. Some of the teachers felt they did not have enough knowledge to discuss some of the questions and issues. If there were a member of your community attending, they could help. The exhibition also provided an opportunity for many of our own Muslim children to talk about their own lives and beliefs. Some were very concerned the other children were trying to touch the Quran and turn their back towards the Holy Book. This is a custom that I did not know about. Perhaps if a member of the community is with the exhibition, they could give a brief introduction to each class and include aspects of respect that we are not aware of.

Thank you very much for letting us find out so much about your faith.

Regards,

Lorraine Beaven

R.E Coordinator

Regional Nazim Middlesex comments – before we held the exhibition I offered that we let someone stay with the exhibition to explain, but after the exhibition the teacher realized that there should be a person there. Inshallah next time we will avail this opportunity.

RYVERS SCHOOL QURAN EXHIBITION
KEY STAGE 1 and 2 CHILDREN'S COMMENTS
